

## The Yahel Social Change Fellowship

The Yahel Social Change Fellowship is a paid, 9-month service-learning fellowship for college graduates ages 22-29 who are passionate about social change.

YAH'EL IS EXPANDING  
TO HAIFA!

The fellowship is currently based in Rishon LeZion and Lod. In the fall of 2021, Yahel will launch its third fellowship site in Haifa with a focus on Gender Equity.

### Why Haifa?

Haifa is Israel's third largest city and one of the most diverse cities in the country. Haifa is also home to multiple minority groups and many social change initiatives as well as many women's organizations.

### What will you do?

As a fellow you will work side by side with local organizations – joining ongoing initiatives while creating a lasting impact in the nonprofit and public sectors. Volunteer placements include schools, community centers, programs for youth, nonprofits, projects working to advance the status of women and many more.

## The Yahel Social Change Fellowship

### How will you grow?

The learning component is an integral part of the Yahel Social Change Fellowship and enhances the volunteer experience by adding context and depth. You will meet with major Israeli change-makers, community members, activists and experts from different fields. You will attend day trips and seminars which are an opportunity to experience Israel off the beaten track, witness social change initiatives around the country, relax and have fun!

### Make it your own!

You will be based in Haifa, where you will live, learn and volunteer. You will have opportunities to explore the community and Israel on your own terms alongside your cohort.
